APPLICATION TO PURCHASE/VIEW VOTER REGISTRATION INFORMATION

Pursuant to Elections Code Sections 2187, 2188 and 2194, voter registration information is available to persons or groups for election, scholarly, journalistic, political, or governmental purposes as determined by the Secretary of State. All requests to view, purchase, or use voter registration information must be accompanied by a written application and a copy of the applicant's driver's license, state identification card, or other identification approved by the Secretary of State. Individuals or groups who wish to collect voter data on behalf of a candidate or campaign must also provide a letter of authorization from the candidate or campaign authorizing the individual/group to collect voter information on their behalf. Refer to page 2 for additional California Code of Regulations regarding application submission and voter registration data storage and security.

19009. Application Submission and Processing.

- a) The applicant must submit the completed application for voter registration information in the following manner:
 - 1. The applicant must deliver it to the source agency in person or by U.S. mail or other delivery/courier service. **A wet signature is required on the application**; therefore, a source agency shall not accept emailed and faxed applications for voter registration information.
 - 2. The applicant must include a clear copy of their current photo identification issued by a federal or state government agency with the completed application.
 - 3. The applicant must submit the appropriate fee with the completed application.

19012. Requirements for Storage and Security of Voter Registration Information

- a) **Any person who has directly or indirectly obtained voter registration information from a source agency must exercise due diligence in maintaining and securing the voter registration information in order to reduce the risk of information exposure and/or breach.**
- b) Any person who has directly or indirectly obtained voter registration information from a source agency shall:
 - 1. Use a strong and unique password (“strong password hygiene”) per account with access to the voter registration information or privileges to grant access.
 - 2. Apply security best practices, which includes the following:
 - A. Obtaining training on security awareness to avoid social engineering and phishing attacks.
 - B. Practice the principles of “least privilege” By restricting user access to the minimum need based on users’ job necessity.
 - C. Ensure user accounts are logged off or the session is locked after a period of inactivity, which shall be no more than 15 minutes.
 - D. Remove, deactivate, or disable accounts or default credentials.
 - E. Erase or wipe voter registration information that is no longer needed for its retention and sanitized following National Institute of Standards and Technology (NIST) 800-88 Guidelines for media sanitization.
 - F. Restrict physical access by not leaving your computer in places unlocked and unattended.
 - G. Limit the use of portable devices. If a portable device is used, strong storage encryption procedures must be applied utilizing Federal Information Processing Standards (FIPS) 197, commonly referred to as “Advanced Encryption Standard” or “AES.”
 - H. Use wireless technology securely with Wi-Fi Protected Access 2 (WPA2) or better.

19013. Reporting Requirement for Unauthorized Use and Data Breaches

Any person who has obtained voter registration information from a source agency shall report detected unauthorized use, suspected breach, or denial of service attack on the voter registration information or the system containing the voter registration information to the Secretary of State Elections Division Help Desk within twenty-four (24) hours of discovery.
