

Remote Accessible Vote by Mail (RAVBM) Demonstration

A way for any voter to receive an accessible ballot through email.

What is RAVBM?

- RAVBM lets voters receive an accessible, electronic version of their ballot by email.
- RAVBM was designed for military and overseas voters but is now available to all voters who request it.
- Military and overseas voters can access their ballot starting 45 days before the election, while other RAVBM voters gain access 29 days before the election.
- The email that voters receive contains a unique Access Code and a link to ravbm.uocava.com/placer/
- This website lets voters mark their ballot then download it as a PDF along with a wrap-around return envelope image.

RAVBM Requirements

RAVBM voters will need:

- A working Internet connection and email address
- A printer to print their marked ballot and wrap-around envelope image
- A standard-sized envelope

RAVBM Return Methods

RAVBM ballots are returned like vote-by-mail ballots. They must be turned in by 8:00 p.m. on Election Day and, if mailed, postmarked by Election Day and received within 7 days.

Mail

Drop Box

Vote Center

Fax is only available for overseas military and civilian voters. Fax returns require an additional Oath of Voter page waiving the right to a secret ballot.

Any ballot drop-off location in California will be forwarded to the Placer County Elections Office.
