The Penryn Fire District has been continuously operating since 1924, saving lives and property by responding to medical emergencies and fighting fires. The Penryn Fire District has been taking care of us for a long time, and now it's time to help them in return.

Our Fire District is currently funded by just pennies of each dollar of the property taxes you pay and a modest special fire tax. Unfortunately, that funding is no longer enough to do the work of keeping us safe. In fact, the Placer County Treasurer's Office recently published a report showing the Penryn Fire District has run out of money and we need to act now! Without our Penryn Fire District, our fire insurance rates will go up significantly, if we can get fire insurance at all. We need our Penryn Fire District, not just to preserve our property values, but to save lives.

We need to vote YES on Measure A so the Penryn Fire District can continue their important work, protecting Penryn lives and property.

Please consider the following reasons to support the Fire Suppression, Protection, and Emergency Medical Response Services Measure. A Yes vote will:

- Keep our Penryn fire station open.
- Maintain rapid response times to fires and medical emergencies.
- Save lives and property.
- Keep our fire insurance rates from doubling or tripling – or our homes from being uninsurable at all.
- Maintain local control of our emergency medical and fire response services and our tax dollars

The Fire Protection & Emergency Medical Response Services measure includes strict accountability provisions to ensure that all funds will only be used locally. Annual financial audits are required and annual reporting will detail all expenditures from the funds.

You never know how valuable something is until it's gone. Don't make that mistake with Penryn Fire.

Please join us in voting Yes on Measure A to continue to keep our community safe.
