

**STATEMENT OF CANDIDATE FOR
ROSEVILLE JOINT UNION HIGH SCHOOL DISTRICT,
TRUSTEE AREA 4**

Name: ANDREA KIMBALL ZIMMERMAN

**Occupation: Retired High School Teacher/Administrator,
Volunteer**

Education and Qualifications:

As a member of the RJUHSD school board I will work to reduce the learning gaps for students incurred after COVID; increase mental health services in schools; make safety a top priority; and increase communication between parents, teachers, and school personnel. For my career, I worked 20+ years in RJUHSD as a teacher, administrator and curriculum specialist and currently work with Wellness Together to advocate for mental health services in schools. In addition, I write professional development courses for school and business leaders and have personally lobbied the state legislature for increased mental health awareness. I want to ensure all parent and teacher voices are heard as we work together to drive our district toward excellence in preparing our children for college and careers. I am passionate about our schools as I have lived in Granite Bay for the past 29 years and raised my own children who have attended RJUHSD and will soon have grandchildren entering. I would be honored to serve alongside you in this great endeavor.

**STATEMENT OF CANDIDATE FOR
ROSEVILLE JOINT UNION HIGH SCHOOL DISTRICT,
TRUSTEE AREA 4**

Name: MARLA FRANZ

**Occupation: Roseville Joint Union High School District Board
Trustee/Mom**

Education and Qualifications:

I'm a district resident of 28 years and parent of a 9th and 11th grader at Granite Bay High School. I have a B.S. in Electrical Engineering from UC Davis.

I was appointed a Board Trustee in April 2022 because for 2 years I advocated for students and their need for normalcy to prevent learning loss and the impacts of isolation from COVID-19. I stayed involved at board meetings after schools opened because I wanted to engage with curriculum issues, course offerings, and decisions that affected our students.

As a Board Trustee, I'm committed to ensuring all students have excellent educational opportunities preparing them for their future. I want strong teachers and challenging classes that students trust to equip them to meet their goals. Materials should be balanced with a range of perspectives.

Let's teach students how to analyze and reason instead of what to think.

I value parent engagement and will work for better communication and partnership with our schools. You shouldn't feel helpless when it comes to your child's education, whether you're concerned with curriculum, school safety, or school culture.

I will be your voice to reflect community values for the Roseville Joint Union High School District.

I ask for your vote.
